(General account information: All rates listed are Annual Percentage Yields. The A.P.Y.'s are correct as of 07/03/10. The A.P.Y.'s do not take into account the effect of fees, if any on these accounts. Member must complete deposit of \$50.00 in your regular share account as a condition of membership. Dividends are paid from current income and available earnings, after required reserve transfers at the end of the dividend period. Dividends are compounded and credited quarterly. Full account disclosure available upon request. Certificate accounts: A 90-day dividend early withdrawal penalty will be imposed for early withdrawal. Once purchased the rate of the certificate account shall remain fixed for the specified term of the certificate. Dividends are calculated by the Daily Balance Method which applies a periodic rate to the daily balance in the account for the period. The penalty is calculated as a forfeiture of part of the dividends that have been or would be earned on the account. It applies whether or not the dividends have been earned. In other words, if the account has not yet earned enough dividends or if the dividend has already been paid, the penalty will be deducted from the principal. The Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings. Additional deposits are not allowed. Member Loyalty Rates are available to certificates which are renewing with no changes to the certificate only. Variable rate accounts subject to change quarterly by the credit union board of directors.
